BFW440
Dual Zone Wine Cooler

It's like having two appliances in one. Store both red and white wine in the Baumatic **BFW440** dual zone wine cooler. Stunningly finished with a solid stainless steel/ glass door, our wine cooler holds 44 bottles and is electronically controlled with an easy to read LED display. There are 6 waved chrome shelves, and a reversible door that can be made to fit into any kitchen design.

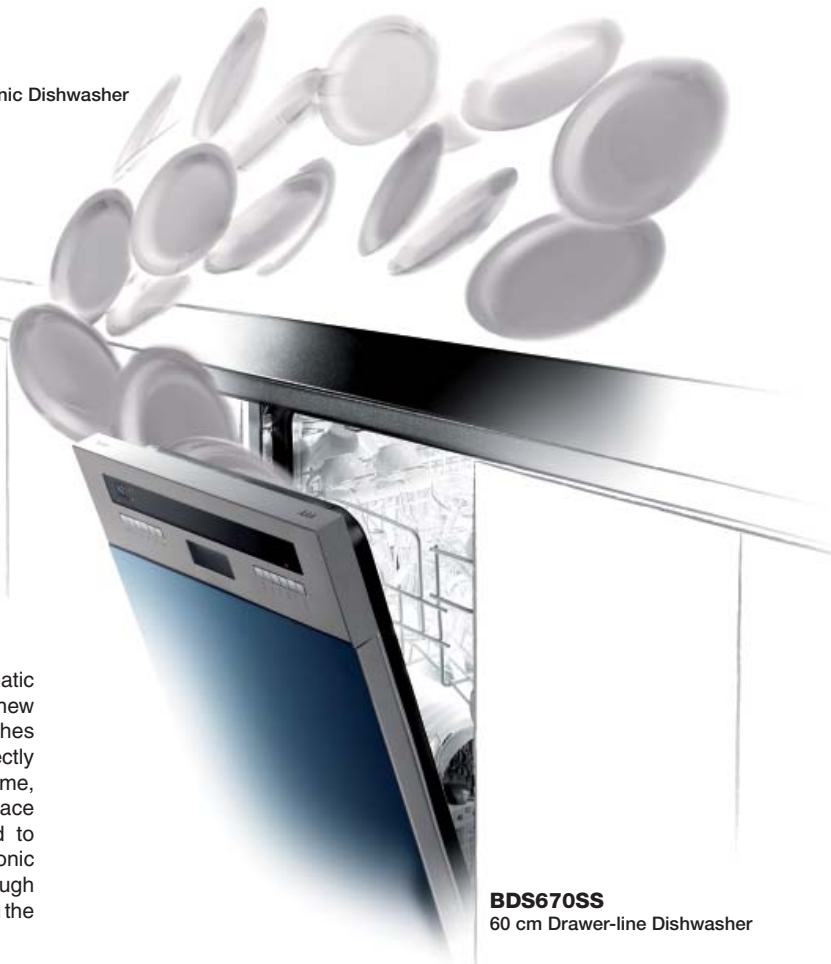

The Baumatic **BFWE1470W** front load washer has a large 7kg capacity for the largest family load of washing and still remains environmentally friendly. An impressive A+ energy rating, A wash performance rating and A water extraction rating are what you can expect from this environmentally friendly washer. Why settle for less? With Silver Nano technology that will remove bacteria and with a Direct Drive system that will ensure a quieter and more stable operation, the Baumatic **BFWE1470W** washing machine will deliver the best washing results without disturbing the peace and tranquility of your home. Other standard features are 9 wash programmes and an efficient 1400 RPM spin speed.

BFWE1470W
7 kg Front Load Washer

BDF671SS
60 cm Electronic Dishwasher

If you are as concerned about the environment as we are, then the Baumatic **BDF671SS** or **BDS670SS** dishwasher is for you. Featuring Baumatic's new auto sensing technology, this dishwasher will sense how dirty your dishes are and adjust the energy, water and time to suit. The end result is perfectly washed dishes, every time using the minimal amount of water, energy and time, saving you money and the environment. The **BDF671SS** features 14 place settings for the largest of loads, and both models can be operated to wash a half load with our convenient half load feature. The new electronic display gives you information about each wash, when you select through the 7 wash programmes available, but best of all these dishwashers tell you the remaining time left as the wash progresses.
